

# Pretty Maids, Spooked

You dragged me through your system  
your blasphemic religion  
denounced me as a public enemy

Disgraced me for the jury  
lit an outrageous fury  
created all the cloud that cover me

Now you made me  
turned me into what I am  
you protaned me  
as a child of the damned

(Chorus)

You got me spooked  
don't give what you can't take back  
really spokked  
don't give what you can't take back

You brought me to the slaughter  
you drank th eholy water  
washed your hands and sanctified yourself

Tortured and crucified me  
you mail me to the cross  
you burned my eyes and caused me living hell

You deceived me  
now you beg me to forgive  
you mischieved me  
desbelieved my right to live

(Chorus)

Vicious pictures stuck inside my head  
right until you lie dead  
right before me  
forgive and be forgiven Jesus said  
but how do I forget  
all that easy

You hurt my mind  
you stained my soul  
for deeds I haven't done  
you killed my pride and blocked my goals  
now see what I've become

(Solo)

I'm comin' out to get ya  
my personal vendetta  
is gonna free me from your stranghold

I'm back in violent rage  
to revenge my crippled soul  
unchain my anger let me hate untold

(Chorus)
