

Pretty Maids, Where True Beauty Lies

Let me touch you deep inside
Let me open up your mind
Ill wipe away the tears youve cried
Lead you safely back in line
Hold on to me tonight youll feel
A love so real I wanna see you shine
The course is planned for you and me
Well disappear without a trace
Ill clear your eyes and make you see
All the light of heavens grace
The world has turned its back on us
But dont give up together girl
We will be strong
And well be one together
Walk that road forever
Through all space and time
To find our paradise
Well carry one another
Hold on to each other
Together we will find
Where true beauty lies
Step on board this rocketship
Where dreams are built to last
Reset to zero and forget
All the wreckage of the past
Tonight we leave the world behind
And love will be our guiding line
We will be strong
And well be one together
Walk that road forever
Through all space and time
To find our paradise
Well carry one another
Hold on to each other
Together we will find
Where true beauty lies
Ill take you on a magic carpet ride
Far beyond the eternal skies
Well rediscover and open doors
And go where others havent been before
Oh we will be strong
And well be one together
Walk that road forever
Through all space and time
To find our paradise
Well carry one another
Hold on to each other
Together we will find
Where true beauty lies
