

Pretty Things, Onion Soup

I've got onions in my soup
I've got zebra in my zoo
I've got airplanes in my sky
Without you I will die

Chorus

Everybody says you're leaving
If you do you know it'll surely break my heart

I've got bad breath in the morning
I've got shepherd's pie red sky warning
I've got pictures on my wall
Without you I'm so small

Chorus

Everybody says your leaving
If you do you know you'll surely break my heart
Foolishly I still go on believing
As the sun paints crazy patterns on the park

Solo

I've got onions in my soup
I've got tobbies up my snoop
I've got airplanes in my sky
Without you I will die

Chorus
