

PRETTYMUCH, Open Arms

I see you've been trying to make something
out of nothing
baby I'm staring to face
the fact that you're out on the run

now you got me cuffed
and you ain't even on me
caught me slipping up
and now I need you on me
I just wanna touch but I keep being turned away

girl, you could tear me apart
but I can't help it
I'm waiting
here with open arms
so when you're ready
you know where to find me

got that key to your heart
scrape my knees
on the pavement
here with open arms
so when you're ready you know
where to find me

so I'll be waiting
by the phone
for that ringtone
but you just don't know what to say
no, it's not like I'm asking for much

now you got me cuffed
and you ain't even on me
caught me slipping up
and now I need you on me
I just wanna touch but keep being turned away

girl, you could tear me apart
but I can't help it
I'm waiting
here with open arms
so when you're ready
you know where to find me

got that key to your heart
scrape my knees
on the pavement
here with open arms
so when you're ready you know
where to find me

you know where to find me

I'll be waiting by my phone
waiting for your call
waiting for you to come
my baby
baby let me know
