

Prevent Falls, Passive Listener

sometimes i just don't know you.
without this. and i'm tired. of all this. of everything. of all this.
and i'm falling in traps again.
some life we live in day to day.
ending sincere. and tired. of bullshit.
competing. not moving.
you might think that i was blind.
anyway i like.
i'm not over you.
i just thought that you'd be kind to me.
