## Pride & Glory, Fadin' Away

Should I feel lost Or should I feel found What should it be? Up or down Won't you please help me... Searching high I'm searching low Where might it be? A loss for words That'll set me free

Fadin' away Mama, it's been a year to the day

You ask for this They sell you that A better place Is where I hope you're at Who's gonna live and who's gonna die? Is it hello or goodbye? Could you tell me how Could you tell me why

Fadin' away Mama, it's been a year to the day

When the daisies are growing over top of me Where is it that I go Running out of time Lord, I need to know

Fadin' away Mama, it's been a year today
