

# Pride & Glory, Found A Friend

Time; take some time  
If you wouldn't mind  
Just a minute or two  
Cus time done weighin' on my mind  
Blinded my eyes  
Not knowin' what to do  
Alone I've held the hand of sorrow  
Feelin' like I'm hangin' from the gallow  
Lord won't ya please color my sky one time blue  
When life's left town and run me through  
I'm glad I found a friend in you

I tried Lord how I done tried  
Not to break down when it was goodbye  
And no one said it was gonna be easy  
I found out that ain't no damn lie

Alone I done held the hand of sorrow  
Feelin' like I'm hangin' from the gallow  
Lord won't ya please color my sky one time blue  
When life's left town run me through  
I'm glad I found a friend in you
