

# Primal Fear, Hatred In My Soul

They've been hunting me,  
They have prisoned me  
The put torture on my mind  
Down in this dark hole, every night alone  
A place where generations died

Ain't dead yet - I'm still alive  
They gonna pay the price  
Hatred in my soul  
I'm a beast come feel my anger  
Take my vengeance  
And i swear to my self - i'm gonna get you  
you gonna pay for your crime

Voices in my ears, crying out in fear  
It's the point of no return  
Ain't dead yet - i'm still alive  
They gonna pay the price

Hatred in my soul  
I'm a beast come feel my anger  
Take my vengeance  
And i swear to my self - i'm gonna get you  
you gonna pay for your crime

Just out of hand,  
In this god damned land  
Now this place is gonna burn  
Ain't dead yet - i'm still alive  
They gonna pay the price

Hatred in my soul  
I'm a beast come feel my anger  
Take my vengeance  
And i swear to my self - i'm gonna get you  
you gonna pay for your crime
