

Primal Fear, I Will Be Gone (feat. Tarja Turunen)

I will ask you a last time
Are you ready to leave
Leave this old world behind

Into this book of mystery
I saw this blood red river
I saw the palm of your hand

The bridge of stars
Where angels fall
I just know
This love is real
I waited all too long

I will wait no more
When the light is out
I will be gone
I waited all too long
