Primal Fear, Metal Is Forever

Metal Is Forever

(Music by: Mat Sinner, Ralf Scheepers, Stefan Leibing, Tom Naumann; Lyrics by: Mat Sinner, Ralf

Free choices always had the chance To play the music you like true and faithful You support this sound and rhythm You back up it's future from deep in your heart

Faster beats are pounding While the fans are shouting

Metal is forever In every single matter Metal is forever Nations come together

Excited - when you go to see a show Your feelings arise Committed - You became a fan forever Knowing the words you sing all the tunes

Faster beats are pounding Glowing tubes - high sounding

Metal is forever In every single matter Metal is forever Nations come together

Faster beats are pounding Screaming voices - howling

Metal is forever In every single matter Metal is forever Nations come together
