

# Primal Scream, Come Together

Come together oh oh  
Come together oh oh  
Come together oh oh  
Come together

Kiss me, won't you won't you kiss me  
Won't you won't you kiss me  
Lift me right out of this world  
Trip me, won't you won't you trip me  
Won't you won't you trip me  
Lift me ride me to the stars

I'm free you're free  
I want you to touch me  
Come touch me  
Now it's all too much  
All too much  
All too much

Come together oh oh  
Come together oh oh  
Come together as one  
Come together as one  
Up and away  
Come together oh yeah  
Up and away
