

# Primal Scream, Hell's Comin' Down

Had me a woman, give me all her love  
She gave me her blessing, I gave her my curse  
I drove her crazy, I drove her crazy  
Sent her insane, like a one-way train

In my lonely bed at night, wish that I could die  
Hells comin down, Hells comin down

Made love in the morning, we got drunk at night  
When she was sleepin, I stabbed her with a knife  
I did decieve her, I was a midnight creeper  
I robbed her blind, I drove her outta her mind

In my lonely bed at night, wish that I could die  
Hells comin down, Hells comin down
