

Primal Scream, Higher Than The Sun

give out but don't give up
give out but don't you give up*

* repeat

when i'm feelin' down
your love is a pick-me-up
and what comes around went that way
and when i'm not feeling up to part
you come along and there you are
giving me the strength
giving it all i have to give
giving me the strength

*repeat

just one kiss
i get the strength to carry on
your smile
makes it all worthwhile

just one kiss
i get the strength to carry on
when i'm feeling down
your love is a pick-me-up
and what comes around went that way

*repeat twice

give out but don't give up
(repeat along with)

just one kiss
well now, you give me this load
and i can't take it

just one kiss
i get the strenght to carry on
your kiss
give me the strength to carry on
your smile
makes it all worthwhile
your kiss
give me the strength to carry on
your smile
makes it all worthwhile...
