

Primal Scream, May The Sun Shine Bright For You

Everyday with the dawn
Or a beauty I... on
Here with you I'm where I belong
May the sun bright for you
Autumn, winter and spring
And the summer feeling within
Evergreen... he brings
May the sun shine bright for you
Though you take me inside
On a... carnival of delight
On our life rollercoaster we glide
May the sun shine bright for you
For you, for you, for you
