

Primal Scream, Pills

I'm gonna tell the truth,
The truth about you,
Truth about you
You never been true
You ain't nothin
You got nothing to say
Shine a light on you
You fade away
Fade away

I'm gonna tell the truth,
The truth about you,
Truth about you
You never been true
You ain't nothin
You got nothing to say
Shine a light on you
You fade away
Fade away

I'm gonna tell you the truth,
Woke up.
the truth about you,
still drunk
truth about you
throwin' up
you never been true
pissin blood
you ain't nothin
sick guts
you got nothing to say
sore skin
shine a light on you
burned out
you fade away
holded in
Fade away

I'm gonna tell you the truth,
can't move
the truth about you,
can't speak
truth about you
cracked head
you never been true
Can't sleep
you ain't nothin
ripped up
you got nothing to say
ripped off
shine a light on you
can't crawl
And you fade away
can't walk
Fade away

I'm gonna tell you the truth,
jet plane
the truth about you,
blasts off
truth about you
jet plane
you never been true
dive bombs

you ain't nothin
bad seed
you got nothing to say
golden spleen
shine a light on you
bad blood
you fade away
dead dreams
Fade away

I'm gonna tell you the truth,
sick blood
the truth about you,
holed skin
truth about you
cracked guts
you never been true
sore speak
you ain't nothin
burned head
you got nothing to say
drunk sleep
shine a light on you
can't walk
you fade away
can't see
Fade away

burned out
holed in
sick guts
sore skin
throwin' up
pissin blood
woke up
still drunk
ripped up
ripped off
can't crawl
can't walk
jet plane
blasts off
jet plane
dive bombs
(underlined with)

bad seed
golden spleen
bad blood
dead dreams
dead dreams

Fucked up you're a sick
