

# Primus, Electric Uncle Sam

yeah  
yeah

i am the plan  
i am the man  
who tells you what, and when you can  
i am the old one that torments you  
i am the voice that tells you too

(chorus)  
don't get caught with you fingers in my pie  
mess with me and boy you're surely gonna die  
if ever your in doubt  
about who or where i am  
i'm here, i'm there, i'm everywhere  
i am your uncle sam  
electric uncle sam

you beg me please  
on bended knees  
not to sit among the enemies  
if you feel like, you wanna dance  
then step aside and take a chance

(chorus)

yeah  
i am you're uncle sam  
yeah  
i am you're uncle sam  
yeah  
electric uncle sam
