

# Prince, Ain't No Place Like U

Ain't no place like U {x2}

I told all my friends don't be callin' me  
Cuz there ain't nothin' that I wanna see  
I called my job and quit workin' overtime  
Cuz I've got somethin' that's been on my mind

CHORUS:

Cuz baby it's true, ain't no place like U  
Cuz baby it's true, ain't no place like U

Don't want distraction so I'm puttin' on my machine  
&quot;Wrong number&quot; - simple and clean  
Go 2 my closet, pull out the dress  
The one that makes U wanna lay your head upon my chest

CHORUS

Ain't no place, ain't no place {x2}

I've put this feelin' on hold 4 much 2 long  
And now this feelin', it done got 2 strong  
I need the body that makes it disappear  
I need the body and I need it right here

It's true, ain't no place like U  
Cuz baby it's true, oh, ain't no place like U

Send me 2 Marbella, London, Paris 2  
Send me all around the world and when I'm through  
I ain't seein' nothin' cuz there ain't no place like U

I told all my friends don't be callin' me  
Cuz there ain't nothin' that I wanna see  
I ain't seein' nothin' cuz there ain't no place like U

Ain't no place like U  
Cuz baby it's true, ain't no place like U
