

# Prince, Don't Say U Love Me

(Don't say U love me) {x3}

If ever there was a girl of contradiction, baby, that girl is U  
One minute U are a stranger, the next U're my guru  
How I miss those moments when I'd crawl into your arms  
We were perfect lovers then, what happened 2 your charm?

Don't say that U love me, baby, cuz I don't wanna know  
Our love is like a roller coaster, up and down we go

Don't say U love me, I'm sick of this push and pull  
U can't even love yourself so 2 love me, U're incapable  
Don't say U love me, I am not a fool  
Say anything, just please don't say U love me

I've been so naive and blind 2 think U'd do no wrong  
Yes, I'm still a dreamer, but the little boy is gone  
U used 2 hug me, kiss me, touch me, lick me, fill me with your charm  
Then my credit card was in your hand and U say don't be alarmed? (Whoa!)

Don't say that U love me, baby, cuz I don't wanna know  
Our love is like a roller coaster, up and down we go

Don't say U love me, I'm sick of this push and pull  
U can't even love yourself so 2 love me, U're incapable  
Don't say U love me cuz I am not a fool  
Say anything, just please don't say U love me

Locked in your prison, I forgot about me  
But now, my dear, I am here 2 tell U I am free  
This little story is not 4 your glory  
It's time 2 pack your bags and don't forget 2 leave the key

Don't say U love me  
Say anything, just don't say U love me

If ever there was a girl of contradiction, baby, that girl is U  
One minute U are a stranger, the next U're my guru  
U used 2 hug me, kiss me, touch me, lick me, fill me with all your charms  
That was then, this is now

Don't say U love me cuz I don't wanna know  
Our love is like a roller coaster, up and down we go  
Don't say U love me, I'm sick of this push and pull  
U can't even love yourself, 2 love me, U're incapable

Don't say U love me {x3}  
Say anything, just please don't say U love me

Don't say that U love me, baby, cuz I am not a fool  
Say anything, just please don't say U love me  
No, I don't wanna hear it, just go!

Don't say U love me
