

# Prince, Future Baby Mama

Future Baby Mama | by Prince

(Verse 1:)

I've heard it said my love was look-a-like  
But could it be that I was lookin' 4 U?  
They were cool but somethin' wasn't right  
They had me fooled 4 a minute and then I saw the truth

(Chorus:)

None of them got what it takes, 2 b a future baby mama  
Gotta bend in the wind but don't break, 2 keep yo man  
Show me one of them and i'll make her mine with no more drama  
Future baby mama....

(Verse 2:)

I've heard it said that I won't treat U right  
But they ain't sure cuz I don't know nothin' about U  
U're 2 secure 2 eva wanna fuss and fight  
Tha's Y yo man neva eva got a reason 2 doubt U

(chorus)

(Bridge:)

Yeah I know U might b fine, but I've seen it all b 4,  
Cinderella was a waste of time, then oops she's out the door  
2 build a strong foundation, the thing that matters more,  
Is under the floor, a strong foundation that lasts forever more

(Prince adlibs & chorus)
