

# Prince, Girl Power

So what's up?  
Did U forget I was here?  
What makes U look when another comes near?  
Everyone U see, U think U can get  
If that was the case, I'd be a bracelet

Oh, hey hey, yeah  
This is called girl power, yeah  
This is called girl power and it's all because I love our ball

2night, my dear, U can sleep alone  
U can beg and scream and moan  
It's all because I love our ball  
U can be mine or not at all

Girl power (Oh)  
Girl power (Yeah)  
Girl power (Yeah)  
U can be mine or not at all  
Girl Power (Oh)  
Girl Power (Yeah)  
Girl Power  
It's all because I love our ball

Don't look now, here comes a blonde  
2 minutes later U're Don Juan  
Turned my head, U tried 2 grab it  
How did I know she's in your lap?  
U say it's your cousin from Omaha  
U took that number - gave her a call  
If we get in trouble 4 the lies we tell  
Child, I do believe we're gonna burn in hell

Girl power - U will be mine or not at all  
Girl power - It's all because I love our ball

Looka here  
2night, my dear, U can sleep alone  
U can beg, U can scream and moan  
It's all because I love our ball  
U can be mine or not at all

Girl power (Oh, yeah) (U can be mine or not at all)  
Girl power

U will be mine or not at all  
Girl power (Oh)  
Girl power (Yeah)  
Girl power  
It's all because I love our ball
