

# Prince, Gold

There's a mountain and it's mighty high  
U cannot see the top unless U fly  
And there's a molehill of proven ground  
There ain't no where 2 go if U hang around

Everybody wants 2 sell what's already been sold  
Everybody wants 2 tell what's already been told  
What's the use of money if U ain't gonna break the mold?  
Even at the center of fire there is cold  
All that glitters ain't gold  
All that glitters ain't gold, mmm

There's an ocean of despair  
There are people livin' there  
They're unhappy each and every day  
But hell is not fashion so what U tryin' 2 say?

Everybody wants 2 sell what's already been sold  
Everybody wants 2 tell what's already been told  
What's the use of money if U ain't gonna break the mold?  
Even at the center of fire there is cold  
All that glitters ain't gold, no no  
All that glitters ain't gold, no no

There's a lady, 99 years old  
If she led a good life, heaven takes her soul  
Now that's a theory and if U don't wanna know  
Step aside and make a way 4 those who want 2 go

Everybody wants 2 sell what's already been sold (Sold)  
Everybody wants 2 tell what's already been told (Told)  
What's the use of bein' young if U ain't gonna get old? (Old)  
Even at the center of fire there is cold (Cold)
