

Prince, High Fashion

I know a sexy little girl
She's never in the low class world
This woman is all the way vogue
High Fashion is where her money goes
She dines at Le Dome up on the strip
Cheap liquor never touches her lips
Her brandy's imported every week
No problem, 7,000 easy

High Fashion is where her money goes
High Fashion - This girl is all the way vogue
She's never in the low class world
High Fashion - Stuck up little rich girl

High Fashion
High Fashion, yeah

I met her dancin' at Le Dome
I offered dinner at my home
She said no, all of her friends laughed
Funny how the laughin' stopped when I flashed all the cash I had
(I'm talkin') \$1900 is 2 much cash 2 hold
One of my boys had 2 carry half, now honey U know that's bold
Wait a minute
She had the nerve 2 ask what kinda car I had
"Honey, I'm ridin' in back of a Rolls Royce limo custom-painted plaid!"

High Fashion is where my money goes
High Fashion - Honey, I'm all the way vogue
I'm never in the low class world
High Fashion - And I just love little rich girls

(High Fashion) High Fashion (High Fashion)

Hot Station - I took the child 2 my crib
Donation - Do U take or do U give?
She took one look at the swimmin' pool
I said "I'll donate" - We were 2 swimmin' fools

High Fashion is where our money goes
High Fashion - All the way vogue
We're never in the low class world
High Fashion - Don't be a little stuck up rich girl

All the way vogue {x2}
I'm all the way vogue
Yeah, yeah
(High Fashion) {repeats in BG}
Dinner at Le Dome
Little girl
Money man
I'm the money man
Money man {x2}
High Fashion {x4}

(High Fashion) {x2}
