

# Prince, I'm Yours

I took one look at you  
And all the things that we could do  
Dance within my head.  
Never have I ever made love before  
Never have I wanted to till now  
Lover, can't you see I want you more and more  
Take me baby, yeah... I'm yours

I'll give you what you want  
But please love me now  
I'll do anything U want  
U're the teacher show me how

Never have I ever made love before  
Never have I wanted to till now  
Lover, can't you see I want you more and more  
Take me baby, yeah... I'm yours
