

# Prince, In Love

Ever since I met you, baby, I've been wanting to lay you down  
But it's so hard to get you, baby, when you never come around  
Every day that U keep it away, it only makes me want it more  
Ooo baby, just say the word and I'll be at your door  
What more do I have to say?  
I really wanna play in your river...  
falling, falling, falling in love  
I'm falling, baby, deeper every day (in love)  
You're breakin' my heart and takin' me away (in love)  
I'm falling, baby, girl, what can I do?  
I just can't be without you

Ever since I met you, baby,  
There's been something inside of me  
That keeps me wanting you, baby, won't you set me free  
Take off these chains, girl, and I'll take off yours  
There's no one in the world, baby, that I wanna love more  
What else do I have to say?  
I really wanna play in your river...

Falling, falling, falling in love  
I'm falling, baby, deeper every day (in love)  
You're breakin' my heart and takin' me away (in love)  
I'm falling, baby, girl, what can I do?  
I just can't be without you

I'm falling in love  
I'm falling, baby, deeper everyday. (in love)  
You're breakin' my heart and takin' me away (in love)  
And I'm falling, baby, girl, what can I do?  
I just can't be without you

I'm falling... I'm falling... (in love)  
I'm drownin', baby, in my love 4 you (in love)  
You're breakin' my heart and takin' me away  
I just don't... I don't know what to say

In love  
In love

Oh baby-girl, U're takin' me away  
Oh baby, baby...Oh baby, baby

In love  
In love
