

# Prince, Just Friends (Sunny) / If You Want Me To

How y'all feel?  
Y'all feel good?  
Alright now

Girl, I know this might seem strange  
But let me know if I'm out of order  
4 stepping 2 U this way  
See, I've been watching U 4 awhile, now  
And I just gotta let'cha know  
That I'm really feeling your style  
'cause I had 2 know your name, babe  
And leave U with my number  
And I hope that U would call me someday  
Now If U want now U can give me yours 2, yeah  
If U don't, well I ain't mad at U, nah  
We can still be cool 'cause...

(I'm not trying 2 pressure U) Sing it, what?  
(Just can't stop thinkin' 'bout U) Can't hear U  
(U ain't even really) ...gotta be my (girlfriend) Oh no  
(I just wanna know your name) Know it  
(And maybe) ...sometime  
(We can hook up...) And what? (hang out...) When what? (just chill)  
Aw baby

She called  
Damn, I'm surprised that U called  
'cause the way U walked away  
I thought that U won't see me no more  
Since U didn't wanna give me your name  
Thought that U were...  
What?  
Alright  
But anyway, what U doing 2night  
I'll probably be with my peoples  
If it's cool with U, maybe we'll swing by  
U can just chill with us  
Or U can just chill with me  
Long as U're comfortable  
And U feel secure when U're with me, see

I'm not trying 2... (pressure U)  
What? (Just can't stop thinkin' 'bout U)  
Sing it (U ain't even really...) even (...gotta be my girlfriend)  
U ain't even gotta be my girlfriend, oh no  
Oh yeah yeah

Everybody in the house 2night, yo, make some noise  
Yeah yeah

{scatting}

Lord

Oh babe  
Yeah, thank U very much  
I appreciate it
