

# Prince, Make It Through The Storm

So now U want 2 leave me, but why U will not say  
Then don't tell me why, just tell me that U'll never go away  
Oh, don't give up now, girl, we've been through so much more  
Oh, can't U see U're the only thing that I'm living 4

The world's a cold and empty place  
Without a love 2 keep U warm  
Oh, hold me in your arms 2night  
Don't U know we'll make it, make it through the storm

Our love is pain and pleasure but I keep holding on  
Cuz I never want 2 lose your love, gotta help me make it strong  
Just hold me tight, I'm yours 2night, your love will keep me warm  
Hold me in your arms 2night, we'll make it through the storm

The world's such an empty place  
Without a love 2 keep U warm  
Oh, hold me in your arms 2night  
Don't U know we'll make it, make it through the storm

Yeah, yeah, yeah, yeah [x2]

(We're gonna make it, we got 2 make it)  
(We're gonna make it) [repeats in BG]  
Make it through the storm  
The wind, the wind, your heart is so cold  
I can make it  
Make it through the storm

Your love, your love, your love is pain and pleasure  
U, it's U, it's U I'll always treasure  
We'll make it through the storm [x2]
