

# Prince, Open Book

U said my heart's just like an open book  
But there are lines U've never seen  
U said that U could tell in a single look  
But U never looked in between  
Sometimes I wanted 2 keep U, sometimes I wanted your love  
But I've awakened 2 the reality that sometimes is not enough  
Oh, our separate dreams pulled us our separate ways  
We were so different from the very start  
2 me it was 4ever, 2 U it was just a phase  
I'll give back your name if U give back my heart

CHORUS:

U said U'd take me 2 another world  
I said U were only posing  
U'd never be able 2 read this girl  
So the open book is closing, closing, closing  
Closing

Sometimes it felt so natural, sometimes it felt so right  
It doesn't seem fair that U and I ever had a fight ... no!  
Sometimes I wanted 2 keep U, sometimes I wanted your love  
But I've awakened 2 the reality that sometimes is not enough  
Oh, now your touch is a reminder like the thorns upon a rose  
The beauty is mine if I can stand the cut

CHORUS {x2}
