

# Prince, Sex me sex me not

Sex me baby  
Sex me not  
Sex me baby  
Sex me not  
Come 2 the afterparty  
Let's make it hot  
Leave your sister & your underwear at home  
Ain't gonna stop until everybody gone  
Mmmm  
Front row center  
With the out-stretched hands  
More chill around your wrist  
Than the ice-cream man  
Speaking of which  
U say u like it  
U say u like it when I SCREAM  
I like it when u do 2  
Ooohhhh, uh huh  
Looky here now  
Looky here now  
Ungh  
Look at my hips  
(look at my hips)  
I'm about 2 do something  
2 make your backbone slip  
Ungh, ungh, ungh  
And when I get through  
U will be confused  
Should u take another pill after morning?  
Or play the fool?  
Sex me baby  
Sex me not  
Come 2 the afterparty  
(Come on)  
Let's make it hot  
(hot hot hot)  
Leave your sister & your underwear at home  
Ain't gonna stop until everybody gone  
Come & get happy  
When I know u are here  
Make you go down in the back of the bus  
It's got a big ol' rear  
Everybody that came 2 see me dance  
Jump back, watch me, I'm about to wet your pants  
Chorus  
Made a lot of money  
Give it all 2 u  
(sex me)  
If u choose right  
U can do what you're supposed 2 do  
Fly, black pepper  
Grind u, grind u please  
Make a brother happy  
On your knees  
Oh, oh, oh, oh, oh, oh  
(sex me)  
Hold me tight  
Check the burn  
And when the needle drop  
The groove u gonna hear  
Will never want 2 make u stop ya heard?  
Chorus  
Everybody  
Hot Hot Hot

' Til everybody gone  
What ' cha gonna do?  
SEX ME BABY SEX ME NOT
