

# Prince, Somewhere Here On Earth

i know u're out there  
i can feel ur eyes on me  
the same influence and touch {seen that face a thousand times}  
cuz love is just 2 much {if only in my dreams}

i know u're ready for me {i know u really want me}  
i can feel ur hands on me  
i really want u 2 {i really wanna touch u 2}  
but we're just 2 shy 2 speak {in a way i'm much 2 shy 2 speak}

here on earth {and even though}  
all on earth {we're all alone}  
i feel {4 what it's worth}  
as long as u're here on earth {ur somewhere here on earth}

i know, i know u're out there {delete the first 'i know'}  
i feel u getting closer 2 me {i can feel u getting closer 2 me}  
i'm just wondering what u're waiting 4  
when u know i am free {delete 'when'}

instead of ur rage, {in this digital age} u could just page me  
but that was a bridge, {i know it's the rage}  
i just don't think i'd gauge {but it just don't engage me}  
i like the face to face {delete 'i'}  
do you want 2 do this at urs, or my place?

it's been so long  
since i been with somebody  
i admit {like a million years}  
but now i'm here on earth {now ur here on earth}

[Renato piano]

{somewhere here on earth}  
{i like u; i love u}  
{listen}

i know u hear me  
like a whisper in ur ear  
u don't have to feel me {u don't have 2 fear me}  
u r the thing i hold so dear {ur everything i hold so dear}

i know u already love me  
and now u're just 2 cute 2 say {ur probably just 2 cool 2 say}  
somebody somewhere put u down  
but that's ok, that's ok

when u feel {cuz when u feel}  
it's time 2 heal  
nobody says {? no more}  
we're both here on earth {as long as i'm here on earth}
