## Prince, Wedding Feast

"Brother dear brother, I came as quickly as I could The Digital Haze is broken,The Banished Ones r gone 4 good, gone 4 good"

Now there must b a wedding Now there must b a feast A feast, a feast A smorgasbord at least A brunch, a munch Of cake if just a piece

Not just a vat of chitlins Or turkey meat u c We r what we eat So we must eat a leaf We'll dine under a tree Unless it snows!
