

# Prince, With You

I've held your hand so many times  
But I still get the feeling I felt the very first time  
I've kissed your lips and laid with you  
And I cherish every moment we spend in each other's arms  
I guess my eyes can only see as far as you  
I only want to be with you

We've come so far in so little time  
Sometimes I wonder if this is meant to be  
Sometimes you are so very kind  
That the nights you're not with me I'm scared that you're gonna leave

I guess you could say that I'm just being a fool  
But I only want to be with you

I guess you could say that I'm just being a fool  
But I always, always want to be with you
