

# Princess Chelsea, Love Is More

You and me  
We're not meant to be in love but  
I can only see  
You in everything I'm dreaming

You and me  
We're not even meant to meet but  
I can't help but see  
You in everything ah-ha

Walking in the rain  
Talking on the phone  
Driving in my car  
Wonder if you're home  
Read you in a book  
Saw you in the show  
Heard you in my song  
Wonder if you're home

Love is more  
Love is much more than a beautiful feeling  
Love is more  
Love is much more, it's so much more

Walking in the rain  
Talking on the phone  
He's jealous of my friends  
Something feels wrong  
Driving dangerous  
So I will feel scared  
I'm up against a wall  
He's bashing in his head

Love is more  
Love is much more than a beautiful feeling  
Love is not  
Love is not just a feeling to want  
Love is more  
Love is much more than a beautiful feeling  
Love is  
Love is more, it's so much more

Than how I make you feel  
It's more than this, I'm sure  
More than all the excuses you gave and  
More to want

You and me  
We're not meant to be in love but  
I can only see  
You in everything I'm dreaming

Walking in the rain  
Talking on the phone  
Driving in my car  
Wonder if you're home  
Read you in a book  
Saw you at the show  
Heard you in my song  
Wonder if you're home

Love is more  
Love is much more than beautiful feeling  
Love is not

Love is not just a feeling to want  
Love is more  
Love is much more than beautiful feeling  
Love is  
Love is more, it's so much more
