

Princess Superstar, Crush

(Kirschner)

by Princess Superstar O95 ps I love you, BMI

You're so young, so young and fine
(I'd like to sip a drink with you)
Oh god I think I got a crush on you
(got a crush, got a crush, got a crush)
Forgot your name I had to ask your friend
Got a boyfriend so I guess that's the end
(byebye, byebye, byebye)

Well I see you around and yeah you come to my show
(hello, hello, hello)
See how you look and yeah you're ready to go
(hello, hello, hello)
But don't think that it's any big thing
I just needed some lyrics to sing
(hello, hello, hello)
