

Princessa, I Wanna Live With You

I wanna live with you
summer and spring, autumn and winter
I wanna give to you the love that you need
I wanna talk with you about everything you want to
I wanna be with you

But I don't want to see you leave
see you standing there
with your baggage in your hand
like you just don't care

I wanna live with you (ahh)
I wanna live with you (ahh)

I wanna stay with you
when everybody's leaving
I wanna play with you the
games that you love
I wanna sing with you
songs that you don't know
I wanna live with you

But I don't want to see you leave
see you standing there
with your baggage in your hand
like you just don't care

I wanna live with you (ahh)
I wanna live with you (ahh)

Don't you know that I'm leaving
inside don't you see what I feel
I don't hide what you mean to me
So why don't you open your eyes
and share this love with me

But I don't want to see you leave
see you standing there
with your baggage in your hand
like you just don't care

I wanna live with you (ahh)
I wanna live with you (ahh)
