

Private Line, Cheerleaders & Dopedealers

Use your face before it gets too ugly, jump into my car
'Cause you're a heartbreaker
And the seven seconds sin-bin charge you the candy bar
Whoa yeah, feels like I could fly
It takes you up, then it stops
Head down to the underground

1, 2, 3, 4, gimme, gimme, gimme more
Gimme O, gimme D, D-R-U-G

Make a quick buck and wash the dirt away
So hypocritical
Fake the big smile and be the king of the day
That's what you are
He sells absolution for all
Even though there's nothing to buy
And if you want it, sure you've got it
Sold out souls are satisfied

1, 2, 3, 4, gimme, gimme, gimme more
First one's free dose
Ended up with bleeding nose
5, 6, 7, 8, laid down, dominate
Gimme O, gimme D, D-R-U-G

Where are you when I need you most?
Cheerleaders and dopedealers
Sweet white line-fever dream come true
Come on, raise the toast
Beauty is disposable, burn out, role model's clone
They'll leave you alone when the money's gone

Whoa

Come on, girls
1, 2, 3, 4, gimme, gimme, gimme more
First one's free dose
Ended up with bleeding nose
5, 6, 7, 8, laid down, dominate
Gimme O, gimme D, D-R-U-G

Where are you when I need you most?
Cheerleaders and dopedealers
Sweet white line-fever dream come true

Where are you when I need you most?
