

# Private Line, Sleep Tight

Sleep tight tonight  
Sleep tight

My girl sleeps so tight  
She cannot realize  
What a big and wonderful pain inside  
Create my new life

Unlike my cigarettes  
Burned out from both ends  
"Remember," you said,  
"Everything will be fine"

See you in every corner  
But I don't mind  
You said all the best things  
"Stay alive," you lied

My girl sleeps so tight  
She cannot realize  
What a big and wonderful pain inside  
Create my new life

My girl sleeps so tight  
She cannot realize  
What a big and wonderful pain inside  
Create my new life

You lied  
Yeah, yeah, I know you lied  
Whoa, I know you lied  
Whoa, I knew you lied  
Whoa

Sleep tight tonight  
Close your eyes  
Tomorrow I'll be gone  
And I won't come back for awhile  
I have to go now  
The show is over  
Turn off the lights  
I hate to say  
Goodbye

My girl sleeps so tight  
She cannot realize  
What a big and wonderful pain inside  
Create my new life

Sleep tight tonight  
Sleep tight tonight  
Sleep tight tonight  
Sleep tight tonight  
Tonight
