

Private Line, Virgin Suicide

Not even you could be so selfish
Not even you could be so cruel
I tried to find another reason
But ended up paying the dues

Yeah, I might be nave
But I couldn't let you break down
All the signs won't lie
Rain falls through the roof
And starts to run inside

I heard you wasn't there
But I hear you call my name
I'm not the one I was before
But I am there just for you
Yeah, I'm there just for you
I'm there just for you

All for one and one for us

Only if you knew how it feels like
Only if you knew what you've lost
You could be right here by my side
But you left it all behind

Yeah, I might be nave
But you would've let me break down
Now I can't deny
Rain falls through the roof
And starts to run inside

I know you wasn't there
But I hear you call my name
I'm not the one I was before
But I am there just for you
I lay down on the floor
In the place you call your home
And I'm waiting for you

All of the spaced-out time we spend
And yet so far
All for one and one for us
You used to say, "Time heals but
Won't fade scars."

Yeah, yeah
You fly around me, baby
Now I'm breaking down
Yeah, yeah
You're in the ground, now
Baby, I'm breaking down

I heard you wasn't there
But I hear you call my name
I'm not the one I was before
But I am there just for you
I'm there just for you
I'm there just for you
I'm there just for you

Yeah, yeah
You fly around me, baby
Now I'm breaking down
Yeah, yeah

You're in the ground, now
Baby, I'm breaking down

Yeah, yeah
You fly around me, baby
I'm breaking down
Yeah, yeah
You're in the ground, now
Baby, I'm breaking down
