

Private, That Boy Is Hurting You

Take a look at your boyfriend, baby
Cause he ain't treating you right
Stop wasting all of your time now, baby
You should be living your life

He says he loves you more
Than money and alcohol
But that seems like a thing that your lover would say

That boy is hurting you
And he's making a fool of you
And deep down you know it too
I have a feeling you'll see it through

And take a look at yourself now, baby
He's been telling you lies
Don't throw away your life now, baby
Why don't you open your eyes

He says he loves you more
Than money and alcohol
But that seems like a thing that your lover would say

That boy is hurting you
And he's making a fool of you
And deep down you know it too
I have a feeling you'll see it through

That boy is hurting you
And he's making a fool of you
And deep down you know it too
I have a feeling you'll see it through

I think it's gotta be you and me
The kind of love that's meant to be
I think it's gotta be you and me
The kind of love that's meant to be
