

Profyle, Just Can't Get You Off My Mind

Woke up in the morning for work, bout 5 or 6
Nothing seemed unusual, another day same _____
I never even gave one second thought about it
That this could be the one day that changed my life
Ohhhh

(shoodoop)

It was like out of a movie, so unusual
This one particular girl, see, she passed my way
She was so damn beautiful, like she walked right out of the screen
Right then and there I knew I had to have her for my queen
(shoodoop)

So nice

So nice(the way she walked)So right So damn fine,
I just cant get you outta my mind
So nice(she was so nice)So right So damn fine,
I just cant get you outta my mind

(shoodoop)

Im know shes probably used to guys with fancy cars or lots of money
And I wonder why she could be interested in a guy like me
I aint no visions man, Im no politician,
But I make my living honestly
(shoodoop)

Now I know, I know Im just a regular old type of guy
But I deserve someone special in my life
And I do, I do, Id do anything for you baby
If you were my woman, I swear Id make everything just right

So niceso rightso damn fine
I just cant get you outta my mind
So niceso right (so riiight)so damn fine
I just cant get you outta my mind
(uhh huhhhbabyyyy)
So niceso rightso damn fine

(I dont give a damn who knows about it baby)
