

# Project 86, 3 Card

I remember the day when the mojo ran away  
You say you're here to back us going down that way  
You're the one whose ratting on these cards of plenty  
12 has come and none are ready  
You're thumb is working on another victory  
No telling officer  
I've had my card

(Chorus)  
Deep tricks and Tivo included  
Just to tell them all I want to be an air force pilot  
Roll it on and roll it on  
And don't forget  
Your treason for reason you haven't get

Lord had a dream, cash trip  
OH NO!  
Love is a word  
Plus and you're all going up  
We'll become quite and count alone  
What's happened to the photograph you must have show?

(Second Chorus)  
Deep tricks and Tivo included  
Just that right now I want to be an air force pilot  
Roll it on and roll it on  
And don't forget  
Your day jobs for midgets to let them jam

(Bridge)  
Why help warning you?  
I was warning you  
To help warning you  
WHAT ARE YOU DOING!

(Outro)  
Deep tricks and Tivo included  
And roll it on  
Deep tricks and Tivo included  
And roll it on  
Deep tricks and Tivo included  
And roll it on  
Gave back the picture to her
