

# Project Pitchfork, Existence V.4.I

Everything is changing  
A constant flow  
Our existence - a photograph  
The time - like slow-motion  
Did someone realize  
That our life is based  
On the history we've been taught?  
We are living the results of a lie  
Fundamental facts  
Have been changed and changed  
Again by the .....  
And we keep their lie alive  
Why don't you go on  
To kiss the ring on the finger  
Of the hand  
Which turned your existence to hell?

And while the cold wind blows  
We wonder why we feel so alone  
But we're always asking those for help  
Who constantly kept us away from the truth

Don't close your eyes anymore  
Don't cover your ears anymore  
Don't shut your mouth anymore  
Don't close your mind anymore

You let it go  
As if you know you are alone  
You always underrate the ability  
To change the state  
Of mind

And what you'll find  
Is hate so blind  
It destroys every way out of here
