

# Project Pitchfork, Io As A Symbol

sitting on the beach . looking at the night sky  
I've seen the news today . where will it finally end  
do I really have to follow . follow them on their self-destructive path  
there is a compulsion . that makes me do things  
I don't want to do . and this conflict  
with its contradictory poles . rules my life  
back and forth . right and wrong  
forced to something . far too long  
break out . back and forth  
right and wrong . far too long

a moon of the 5th . as a symbol for human kind  
glowing by the presence of two . the wonder of love reduced  
to a function of hormones . the wonder of life reduced  
to a reaction of instincts . the wonder of belief misused  
for power for power . the blindness of both  
as an answer to the . separation of one

science in its contempt . religion in its selfishness  
the origin of both . neglected of both

why should someone who sees follow the blind ones
