## Projet Orange, If You Leave

I say hello to you, my friend I'm not the one you think I am You know I'm 16 and a half this year I could grow up, go insane

They say they're happy I'm out of their life And I agree My enemy is me in me But we could share

Now in pieces as you are Couldn't formalize At least you understand When I say

Hey, relax Just give into my plans Say stand, give up And get into catastrophe Say stand

I say I'm losing I say I'm losing

Your beautiful arms soaring Is my grief worth nothing? I get used to living so proud...

Always relax Just give into my plans Say stand, give up And get into catastrophe Say stand

I'm losing quick at something I stay but leave you in They're alive, but I'm not in it Say

The season's ending Now The season's ending Deep The season's ending Deep Inside
