

# Prong, Cling To Life

A Crumbling Tower At The Site Of An Earthquake  
New Corporate Quarters Now Not So High  
Some Disconnection Causes Aerial Confusion  
The Hundreth Plane To Fall Out Of The Sky

A House Of Labor Leaks A Venomous Emission  
Leaves Poor Peasants, Suffering Amass  
Countries Scourged By Unnecessary Famine  
The Walking Skeletons Still Cling To Life

Blame It On The Gods

The People's Hero Killed By Crime Of Passion  
It's Then Reported That He Lived A Lie  
Another Mentor Entangled In Corruption  
His Sordid Dealing Left Many To Die.
