

Propellerheads, Velvet Pants

What different Pete, about 69 that makes it so exciting to you?

2000 people in a seething, roaring shouting mass...

All the people I know are musicians
I revolve around music! That's all I know!
They each got their own little thing that they like...

We hustled our way in
Everybody had long hair (x4)

It's groovy, it's groovy....I guess (x2)
Man it's groovy (x3)

He's got a nice body, he's wearing velvet pants (x6)
He's wearing velvet pants

That's why she talks to him
(He's wearing velvet, he's wearing velvet pants) (x4)
He's wearing velvet pants (x2)

I'm having too much fun, I realized it last night

Send the first kid down, send the first kid down
And they played records
Send the first kid down, send the first kid down
And they played records
And they played records

Send the first kid down, send the first kid down (x6)

He's got a nice body, he's wearing velvet pants (x6)

He's wearing velvet pants
That's why she talks to him

He's wearing velvet pants, he's wearing velvet pants
That's why she talks to him (x6)

It's groovy, it's groovy...I guess
(He's wearing velvet pants) (x4)
It's groovy, it's groovy...I guess
