

Protocol, Beautiful Girlfriend

you got me starting to think
i thought that my luck was in
does she want me?
she pulled me down to the floor
i didn't think any more
but then i see

you touched my chest
while slipping out of your dress
you got me going
my head is up in a mess
you're lighting up on a smoke
you start teasing
i choke
on my drink

the music stopped
i felt a stranger
as you take all control
a simple line
'i'll see you later'
ripped up all my soul

you're a beautiful girl
you need a beautiful boyfriend
am i not good enough for you?
you're a beautiful girl
you need a beautiful boyfriend
you think i'm not good enough for you?
well i am

you took me out of my cage
you got me hot in a rage
and you knew that
you caught me up in a game
and now i'm left with the shame
you didn't turn back

you gave it up
and hit me back with a twist
you will you won't
you hooked me up on a wish
and now i'm losing my grip
i see you give me the slip
then i realise..

the music stopped
i felt a stranger
as you take all control
a simple line
'i'll see you later'
ripped up all my soul

you're a beautiful girl
you need a beautiful boyfriend
am i not good enough for you?
you're a beautiful girl
you need a beautiful boyfriend
you think i'm not good enough for you?
well i am

the music stopped
i felt a stranger
as you take all control

a simple line
'i'll see you later'
ripped up all my soul

you're a beautiful girl
you need a beautiful boyfriend
am i not good enough for you?
you're a beautiful girl
you need a beautiful boyfriend
you think i'm not good enough for you?
well i am
