

Przygody w siodle (Saddle Club The Lyrics), Welcome To The Saddle Club

kicking off the morning dew
nothing we would rather do
for fun
just for fun
riding til the afternoon
all our friends will be there too
for fun
just for fun
welcome to the saddle club
adventures in the sun
cuz we are one
we are one
waiting til the school week ends
for saddle club comes round again
for fun
just for fun
welcome to the saddle club
adventures in the sun
cuz we are one
we are one
rolling down the wide and winding trail
the wind is at our backs as we roam
riding along the bush trail in our line
waiting for a sign to take us home
brush the horses
saddle down
light the fire
gather round
for fun
just for fun
welcome to the saddle club
adventures in the sun
cuz we are one
we are one
we are one
we are one
we are one
we are one
we are one
we are one
we are one
we are one
we are one
