

Psapp, About Fun

Take me to a big park
Take me to the zoo
I want a bowl of cold milk
A different point of view
Let's have a bite of raw meat
Be silent for a day
Let's decorate a dreidel
I made it out of clay

I need a slice of your pie
We don't have very long
Let's make a day that's perfect
Where nothing can go wrong
I want to take you dancing
I want to see a show
Our favorite sort of people
I know are sure to go, oh

I'm always very happy
Whenever I'm with you
The things you do are special
And what you say is new
I want to take you dancing
I want to see a show
Our favorite sort of people
I know are sure to go
