

# Psapp, Ice Weasel

Cold days have only done  
What I've been meaning to do myself  
Cold days have only put some ice in my pass

I know I left it late  
And now I'm ridden with disease  
But better late than never, they say  
And now it's late in the day

Not gonna stop, gonna stop, stop  
Not gonna stop, gonna stop, gonna stop  
Gonna stop me, gonna stop me

There is no use in messing with minds  
And no skill  
The weasel's left me worse for wear  
The weasel's left me ill

Cold days have only done  
What I've been meaning to do myself  
Cold days have only put some ice in my pass (my pass)

Not gonna stop, gonna stop, stop  
Not gonna stop, gonna stop, gonna stop  
Gonna stop me, gonna stop me
