Who is on my side?  
No one here is getting out alive  
Don't fake if you don't have to  
Save it all for someone who loves you

Who's on my side?  
Who's on my side?  
Who's on my side?  
Who's on my side?

You, you are so cruel  
How'd you say the things you say  
Without dying anyway?  
Don't run if you don't want to  
No one here is telling you  
No one here is telling you

Who's on my side?  
Who's on my side?  
Who's on my side?  
Who's on my side?
